Take Advantage of Extra Savings and Cut Your Water Heating Costs

There's no better time to cut your water heating costs than right now. Heat pump water heaters reduce your water heating energy costs by up to 60%.

Manufacturer markdowns can save you up to \$300 on the leading heat pump water heaters. We offer added rebates of up to \$500 for qualified heat pump water heater installations.

Learn about these promotions at www.hotwatersolutionsnw.org. These savings are good through Dec. 31, 2017.

To learn more about our rebate program, visit www.crpud.net/hpwh. To find out if a heat pump water heater is right for you, contact our Energy Experts at (503) 366-5470 or experts@crpud.org.

Quilt Raffle Benefits GLOW Program

Would you like to win a beautiful handmade quilt? The Columbia River Piecemakers Quilting Guild donated a beautiful 96" by 108" quilt to be raffled. The proceeds will benefit the PUD's GLOW fund, which provides emergency bill payment assistance to low-income PUD customers.

The Columbia River Piecemakers Quilting Guild donated this quilt to benefit our GLOW program. GLOW team members Debbie Esterline and Rachel Swanson display it.

Raffle tickets are available at our office. They cost \$1 each, or 6 for \$5. The winning ticket will be drawn at the PUD's Customer Appreciation Dinner at the Fairgrounds on October 3.

New Substation to be Named After Sen. Betsy Johnson

Our new substation, to be built near the Scappoose Industrial Airpark, will be named after Sen. Betsy Johnson.

In recognition of Sen. Johnson and her relentless efforts to protect and promote the land surrounding Scappoose Industrial Airpark, our Board of Directors voted unanimously in favor of the name "Betsy Johnson Substation" at their May 16 meeting.

Johnson recognized the area's potential as a hub of new development to bring jobs and strengthen the Columbia County economy. She is also a longtime supporter of consumer-owned utilities like CRPUD.
